BOSTON:
T. R. MARVIN & SON, NUMISMATIC PRINTERS.
1888.

CORRESPONDENTS are requested to send early orders, thus giving me time to enter them in my book before leaving for New York. It is not an uncommon thing for me to have a greater number of orders than there are lots in the Catalogue, and many often arrive too late. Writing as I do with difficulty, it is very desirable that those who wish to intrust their orders to me should send them as early as possible, that they may receive proper attention. Address as below, but late orders can be sent to me at New York, care of the Auctioneers. The Coin Dealers of New York, Philadelphia, Baltimore and Lancaster, Pa., will also receive and faithfully execute bids which may be placed with them.

The last three, including 95, 96, 97, will be sent to order as soon as they can be got ready at the prices named.

As many inquiries are sent me, asking for catalogues to complete files, I have prepared a printed list of those which can be supplied, neatly priced in ink, to the ninety-eighth inclusive, which will be sold at prices named. This list will be sent on application. A catalogue, containing twelve plates, illustrating the most interesting and valuable coins in this sale, illustrated in the highest style of the photographic art, will be sent to purchasers ordering them as soon as they can be got ready. Printed on heavy tinted paper and neatly priced in red ink. These catalogues are strictly limited to the number of orders received and will be sold only by order at this time, and will not be supplied in the regular series of my catalogues. Price of the illustrated and priced catalogue will be $2.50 each, not subject to any discount.
